Power as Presence and Presents
with
Rev. Dr. Martha Creek**

Presence has the power of the universe. No skills, knowledge, techniques, or platitudes provide an ultimate solid ground of our being. Presence is powered up, peaked up and deepened through diligent, consistent practice and application. Discover the Power Within You through the Presence that IS you.

Widely known in New Thought, Martha's trainings approach deep inner work as an adventure with a sense of curiosity and wonder. A master of the art of right questioning, she calls forth the most stubborn and self-defeating

patterns to create a new way of being, literally. Ordained in Religious Science and Divine Science, Martha has served as Great Lakes Unity Consultant, and is a member of Unity Institute faculty. She has attended Emerson Theological Seminary (Masters and Doctorate), Byron Katie School for The Work, and Hoffman Institute. She is a Healthy Congregations Facilitator and Trainer.

SUN November 29
First Sunday of Advent
Serenity Service on Faith

Charles Fillmore said that "faith is the certain knowledge that our good is ours right now." In Hebrews 11:1, faith is defined as "the assurance of things hoped for, the conviction of things not seen." Faith is also a deep inner knowing arising from divine intelligence. While it is possible to have two contradictory beliefs competing for our attention, resolving these contradictions is the domain of faith.

In this Serenity service we will dive deeper into our spiritual knowledge of faith and its role in the Christmas story's promise of infinite good and love everlasting.

USCO movie night!

Brenda Mason hosts:
Marion Woodman: Dancing in The Flames,

Monday November 16, 7-9 p.m. on Zoom

With special, LIVE guest appearances by mystic and scholar Andrew Harvey and the Director of the film, Adam Greydon Reid!

Guided by Andrew Harvey, the film explores the soul journey of renowned Jungian analyst and author, Marion Woodman, revealing a series of psychological 'deaths' and 'rebirths'. The film records Marion's battle with anorexia, her revelatory experiences in India, her ever-evolving marriage, and her dance with cancer. In the film, Marion has 'died into life' and is the perfect teacher and midwife for this critical period in our history, as our planet experiences "a shedding of its outworn skin."

Through the use of stunning animation from Academy Award-winning artist Faith Hubley, filmmaker Adam Greydon Reid seamlessly weaves Marion's inner and outer lives together and transmits a core truth of what it is to be human.

Tickets are only \$11. How about treating a friend to join us?

You can pay for your tickets electronically or via PayPal; then please email the office to get the Zoom link: officeunityottawa@yahoo.com.
